Strike all after the enacting clause and insert the following: “That the Senate—

- (1) honors the Radium Girls and their determination to seek justice in the face of overwhelming obstacles;
- (2) recognizes the invaluable contributions of the Radium Girls to developing modern workplace safety standards; and
- (3) reaffirms the importance of protecting the health and safety of all workers in the United States.

SA 2725. Mr. SCHUMER (for Mr. MENENDEZ) proposed an amendment to the resolution S. Res. 285, honoring the lives and legacies of the “Radium Girls”; as follows:

Strike the preamble and insert the following:

Whereas Marie and Pierre Curie discovered radium in 1898, sparking a craze for radium-infused consumer goods in the early 20th century;

Whereas many entrepreneurs touted radium’s supposedly limitless curative properties, even as some scientists began to report serious health hazards associated with the element;

Whereas the “Radium Girls” were teen-aged girls and young women who, starting in 1917, worked in United States factories painting watch dials and airplane instruments using glow-in-the-dark, radium-infused paint;

Whereas the early Radium Girls painted watches and instruments that United States troops relied on during World War I;

Whereas the majority of the Radium Girls worked for corporations located in Orange, New Jersey, Ottawa, Illinois, and Waterbury, Connecticut;

Whereas the Radium Girls primarily came from working-class backgrounds and some were first- and second-generation Americans;

Whereas, in several instances, the radium corporations' leadership knew that the element could be harmful to human health, but they did not inform the Radium Girls of the risks or implement basic safety standards;

Whereas, in many cases, the radium corporations' management encouraged the Radium Girls to keep their paintbrush tips moist and as fine as possible by putting the paint-covered brushes between their lips, a technique known as "lip-pointing";

Whereas, due to lip-pointing, many of the early Radium Girls ingested extremely harmful quantities of radium;

Whereas the Radium Girls breathed in radium-infused dust and touched radium-infused paint, and they often glowed by the end of the workday due to the radioactive paint on their clothes and skin;

Whereas many of the Radium Girls began to experience mysterious health problems, including necrosis (rotting) of the jaw, cancer, anemia, bone fractures, and infertility;

Whereas many of the Radium Girls were eventually plagued by debilitating physical pain and severe disabilities;

Whereas an unknown number of the approximately 4,000 Radium Girls died prematurely or experienced the devastating health effects of radium poisoning;

Whereas some physicians and dentists initially dismissed the Radium Girls' hypothesis that their illnesses were linked to their occupations;

Whereas, in some cases, the radium corporations conspired with members of the medical community to conceal the origins of the Radium Girls' illnesses and smear their reputations;

Whereas a number of the Radium Girls, in different States, fought to secure justice for themselves, their families, and their colleagues by suing the radium corporations;

Whereas the Radium Girls' difficult and prolonged legal battles and often horrific medical conditions drew national attention;

Whereas some of the Radium Girls who challenged the radium corporations were shunned by their communities for harming the reputation of a prominent local employer;

Whereas many of the surviving Radium Girls volunteered to participate in scientific studies on the effects of radium on the human body;

Whereas investigations of the Radium Girls' illnesses led to the creation of the new scientific field of human radiobiology;

Whereas the Federal Government relied on data from the Radium Girls' cases to develop safety standards for radium and other radioactive materials for factory workers, medical personnel, and scientists, including the workers and scientists of the Manhattan Project;

Whereas some of the Radium Girls and their families received either no compensation or only meager compensation related to their harmful exposure to radium and their contributions to science;

Whereas the Radium Girls' highly publicized case was among the first in which the courts held an employer responsible for the safety and health of its workers;

Whereas the Radium Girls' struggle was a turning point in the movement to promote workers' safety and occupational health reforms; and

Whereas many workers in the United States today are still fighting for a safe and equitable workplace: Now, therefore, be it

SA 2726. Mr. SCHUMER (for Mr. JOHNSON) proposed an amendment to the resolution S. Res. 319, expressing support for the designation of July 2021 as "National Sarcoma Awareness Month"; as follows:

Beginning in the first whereas clause of the preamble, strike "Whereas sarcoma" and all that follows through the semicolon at the end of the fourth whereas clause and insert the following:

Whereas sarcoma is a rare cancer of the bones or connective tissues, such as nerves, muscles, joints, fat, and blood vessels, that can arise nearly anywhere in the body;

Whereas, in the United States—

(1) about 16,000 individuals are diagnosed with sarcoma each year;

(2) approximately 7,000 individuals die from sarcoma each year; and

(3) about 50,000 individuals struggle with sarcoma at any 1 time;

Whereas, each year, about 1 percent of cancers diagnosed in adults and around 20 percent of cancers diagnosed in children are sarcoma;

Whereas more than 70 subtypes of sarcoma have been identified;

Whereas the potential causes of sarcoma are not well understood;

Whereas treatment for sarcoma can include surgery, radiation therapy, or chemotherapy;

The Senator from Oregon.

H.R. 3684

Mr. WYDEN. Madam President, as we have just heard, thankfully, instruction is almost complete on the infrastructure bill. Once infrastructure passes, it is on to the budget resolution, which lays the foundation to pass Build Back Better this fall.

The Senate Finance Committee is immersed in this effort. For several months, we have been working with members of the committee on a host of proposals that are included in the resolution. These proposals stem from essential American priorities, making it easier to support a middle-class family, lowering the cost of healthcare, and addressing the climate crisis.

When you focus on those key priorities, you build a stronger, more fair economy and create good-paying jobs. There is going to be a lot to say about these issues in the hours and days ahead. Tonight, I will take just a few minutes to discuss the Finance Committee's work and why the policies are so important. I will begin with support for American families.

For decades, typical working families in Oregon and across the land have felt that it has gotten harder and harder for them to climb the economic ladder. The cost of housing and education have shot into the stratosphere. Yet wages have largely been stuck on the launch pad.

Despite being the best-educated generation in history, young people working in America today earn less on average than their parents did at the same age. It ought to be easier to raise a family in America. That is why Democrats created the monthly child tax credit expansion as part of the American Rescue Plan.

The new program, as our colleague from Ohio, Senator BROWN, has said, is Social Security for America's children. Too many kids have been growing up in poverty—or very, very close to it. The expanded child tax credit is cutting child poverty by more than half. But so far, it has only been funded for a year. With this resolution, Democrats are going to lock in the longest extension possible. Children and parents need help, and they need the certainty and predictability of a long-term extension.

Together with the help of the HELP Committee, the Finance Committee is also leading the way for a comprehensive national paid leave program. This sort of program is long overdue, and there will be a special focus on our efforts—the HELP Committee and the Finance Committee—on making sure that it is equitable so that workers of modest incomes can afford to take paid leave, too.

Every family in American needs reliable income and a roof over their
